January 23, 2025

MIAMI, Jan. 23, 2025 (GLOBE NEWSWIRE) -- **USCB Financial Holdings, Inc. (the "Company") (NASDAQ: USCB)**, the holding company for U.S. Century Bank (the "Bank"), reported net income of \$6.9 million or \$0.34 per fully diluted share for the three months ended December 31, 2024, compared with net income of \$2.7 million or \$0.14 per fully diluted share for the same period in 2023.

"The results in Q4 2024, highlight a record year for USCB. The team outperformed our internal budget and delivered impressive results for our shareholders. A year ago, we posted \$0.14 per share in diluted EPS in Q4 2023 and more than doubled those earnings this quarter to \$0.34 per share. Our continued focus on reducing deposit costs has contributed to the net interest margin (NIM) expansion, helping us maintain solid profitability. While we did experience an increase in non-interest expense, primarily due to non-routine items, overall profitability was consistent with the third quarter. Given the earnings power of the Company, outlook for 2025, and strong capital levels, the board approved to double the quarterly cash dividend to \$0.10 per share. For 2025, we remain focused on managing operating costs efficiently to drive sustainable performance and delivering value to our shareholders," said Luis de la Aguilera, Chairman, President, and CEO.
